

Dark Matters Astro Program Schedule

- | | |
|-------------------------|--|
| 1. 5.00 PM to 6.00 PM | Arrival snacks, tea and a walk to the lake |
| 2. 6:00 PM to 7:00 PM | Lecture on Astronomy |
| 3. 7.00 PM | Observation begins |
| 4. 9:00 P.M to 10:00 PM | Dinner break |
| 5. 10:00 PM | Observation begins and continues past midnight |
| 6. 8:00 to 9.30 AM | Viewing the Sun, Breakfast and departure |

We are open to ideas, suggestions and willing to adapt and change our program. A customized itinerary can be planned if necessary.

Our instruments are professional grade and world class.

Following-are, some of the images that we view through the telescope eyepiece first and also project onto the big screen. This is all done in real time:

Horsehead Nebula

Orion Nebula

Typical Observing or observation sessions below:
